Date: September 8, 2011

Re: 1) Correction in Appropriate Lettering of Graded Areas on the Competency Form.

There is a revision on the appropriate lettering on the Competency form. Under **EXAM/PROCEDURE**, it should begin with the letter "A" and not "C". Under **IMAGE EVALUATION**, the letters should continue beginning with the letter "G" and not "T".

2) Updated Grading Scale for Competency Form

There is a revision to the Competency form. Instead of the form reading "**EACH PROJECTION MUST HAVE A MINIMUM SCORE OF 2.5 TO BE CONSIDERED ACCEPTABLE**", it will now read "**EACH PROJECTION MUST HAVE A MINIMUM SCORE OF 3.1 TO BE CONSIDERED ACCEPTABLE**".

3) Updated Grading Scale for Fluoro Competency Form

There is a revision to the Fluoro Competency form. Instead of the form reading "**EACH PROJECTION MUST HAVE A MINIMUM SCORE OF 2.5 TO BE CONSIDERED ACCEPTABLE**", it will now read "**EACH PROJECTION MUST HAVE A MINIMUM SCORE OF 3.4 TO BE CONSIDERED ACCEPTABLE**".
