Re: Radiography Association Memberships

Effective January 9, all students will be required to join the American Society of Radiologic Technologists (ASRT) instead of the North Carolina Society of Radiologic Technologists (NCSRT). The membership fee is \$30.00. The due date for the membership to be submitted and paid for will be Monday, January 23, 2012.

I _____ understand that it is mandatory to join the ASRT while in VGCC's Radiography Program.
