Henderson, NC 27537

Dear Ms. Evelyn Harris,

On behalf of the National Council for State Authorization Reciprocity Agreements, I am pleased to welcome Vance-Granville Community College as an institutional participant in the SARA initiative. Your institution will be listed on our website (www.nc-sara.org) and we encourage you to inform students of your participation. We have logos that you may use to help do that; use whichever you prefer. To access the logos, visit: www.nc-sara.org/logos (login: "Institution"; password: "saralogo").

A great deal of work has gone into the development and implementation of the SARA initiative. We know that SARA is increasing administrative efficiency and lowering the costs of obtaining authorization to provide postsecondary distance education in states that join. These benefits are resulting in increased access as institutions like yours are able to make their academic programs more widely available and accept enrollments from students in many other states.

But increased access and efficiency will mean little if they are not accompanied by high quality. That is why all SARA institutions annually commit to several steps designed to ensure that courses and programs they offer through the SARA initiative provide high-quality learning opportunities that can help students reach their goals.

Thank you for joining us in this work and best wishes for your continued success.

Sincerely,

Marshall A. Hill
Executive Director
