SOME WORDS OF WISDOM

from your Academic Advisor

Hello College Transfer students!

We are well within the Fall 2021 semester and my hope is that you and your families are well. In addition, I hope that you are staying on top of your assignments and reaching out when you need assistance. There is nothing wrong with asking for help!

Whether it's your first semester of your last semester at VGCC, you should be thinking about your next move. Being a college transfer student means we work together to set a solid foundation for you in the transfer process. Don't put all your eggs in one basket and take advantage of opportunities to explore and learn more about 4-year colleges/universities that you may not have considered. YOU MAY FIND YOUR DREAM SCHOOL.

This newsletter will highlight upcoming event for YOU at Vance-Granville and well as with our 4-year partners.

Ms. Alston
