ABOUT THE EVENT

Golfers will have the opportunity to hit the green while making a meaningful difference at The Vance-Granville Community College Foundation's 42nd Annual Golf Tournament, to be held May 11 & 12 at Henderson Country Club. This four-member team Super Ball tournament brings together community partners, supporters, and golf enthusiasts for two days of friendly competition in support of student and community success.

The annual golf tournament is one of the Foundation's primary fundraising events. For more than four decades, proceeds from the tournament have helped students afford college and persist through financial hardship. This year, the impact goes even further. Funds raised will help advance the construction of two new facilities: Center for Advanced Manufacturing & Applied Technology and the Transportation Training & Technology Center. These facilities will provide students with access to hands-on, real-world learning environments, modern labs, and workforce training spaces. In addition, they will create new pathways for students to gain in-demand skills that lead directly to good-paying jobs and supply skilled labor to local industry.

By supporting the golf tournament, participants are investing in the long-term economic strength of VGCC's four-county region. This two-day tournament provides vital resources that allow the College to expand educational and career opportunities for students — benefiting families, employers, and the broader community for years to come. This marks the first time in VGCC's history that supporters can leave a lasting footprint in shaping the future of our region through these transformative facilities. Your sponsorship helps build futures, empower students, and strengthen communities...one swing at a time.

Building Futures: Empowering Students. Strengthening Communities.

Two Centers. One Regional Economy. Shared Prosperity.

Building Futures: Empowering Students. Strengthening Communities (Building Futures) is a unified regional plan designed to transform economic opportunity across Vance, Warren, Granville, and Franklin Counties and beyond by investing in two connected workforce training centers that together create a complete talent-to-industry pipeline and regional workforce ecosystem.

REGIONAL WORKFORCE IMPACT

Building & Moving Opportunity

Center for Advanced Manufacturing & Applied Technologies - Granville County

Transportation Training & Technology Center - Warren County

Connecting Our Region

- Training that spans four counties
- Pathways to high-wage careers
- Economic growth for all

**Two Centers.
One Regional Economy.
Shared Prosperity.**

Skilled Workforce Flow  **Goods & Logistics Flow**  **Economic Growth for ALL**

Students Train Regionally | Careers Scale Regionally | Prosperity Is Shared

Center for Advanced Manufacturing & Applied Technologies (CAMAT) – Oxford, Granville County: builds, fabricates and creates

Transportation Training & Technology Center – Soul City, Warren County: moves, maintains and powers

Together, these centers address both sides of the regional economy—production and transportation—creating sustainable career pathways while strengthening economic opportunity across Vance, Warren, Granville, and Franklin Counties and beyond. This campaign is about building connection: connecting communities in need with communities of opportunity, connecting education with industry, and connecting people to sustainable, profitable careers.

BUILDING FUTURES
EMPOWERING STUDENTS

CENTER FOR ADVANCED MANUFACTURING & APPLIED TECHNOLOGY

Vance-Granville Community College is planning the design and construction of a 35,000 gross square footage Center for Advanced Manufacturing and Applied Technology. This building will be a state-of-the-art training facility in Triangle North Granville County that will offer traditional certificate, diploma, and degree options, as well as relevant short-term training opportunities, for students seeking training in Electronics, Fabrication, HVAC, Industrial Maintenance, Mechatronics, and Welding programs.

The Center will:

- Support industry training needs in advanced manufacturing and applied technologies
- Serve as an advanced manufacturing company recruitment tool
- Support collaborative high school and college career and technical education partnerships

**TRIANGLE NORTH
GRANVILLE**

TRANSPORTATION TRAINING & TECHNOLOGY CENTER

Vance-Granville Community College is planning the design and construction of an 11,000 gross square foot facility for the Transportation Training & Technology Center. The Center will offer CDL (A & B), Heavy Equipment Operations, and Diesel & Heavy Equipment Mechanics. In addition, this facility will have Workstations, Instructional Space, Training Bays, Paved CDL Training Pad, Staff Offices, Storage Area, and Expansion Space.

The Center will:

- Equip students with industry-recognized certifications and access to high-wage, high-demand careers
- Provide immediate access to hands-on learning with modern technologies
- Build sustainable, profitable career pathways that uplift families and drive economic mobility
- Create a steady, industry-ready talent pipeline for local companies
- Foster partnerships between education and industry for long-term sustainability
