A WORD FROM OUR DEAN

As your Dean of Health Sciences, I want to remind you that your commitment to this journey is both meaningful and impactful. The work you are doing today is preparing you to serve others with knowledge, compassion, and integrity. Stay focused, support one another, and do not lose sight of your purpose. You belong here—and your success matters.

I am proud of the perseverance and excellence you continue to demonstrate. Keep moving forward—you are making a difference.

~ Dr. Angela M. Thomas

2026 RADIOGRAPHY

PINNING CEREMONY

On Monday, May 11, 2026, the Radiography Program at Vance-Granville Community College proudly celebrated the accomplishments of 18 graduates during the 2026 Radiography Pinning Ceremony. The ceremony recognized the students' dedication, hard work, and commitment to advancing in the healthcare profession. The event featured remarks from Radiography Club President Matthew James and Vice President Daniel Alexander, who shared words of encouragement and reflection as the graduates prepared to begin the next chapter of their careers in medical imaging.

Family, friends, faculty, and staff gathered to honor the graduates and celebrate this significant milestone. The pinning ceremony serves as a meaningful tradition recognizing the students' successful completion of the program and their readiness to serve patients and communities with professionalism and compassion.

FACULTY SPOTLIGHT

Congratulations to Leslie Parrott on earning her Master of Science in Nursing (MSN) in Nursing Education from American Sentinel College of Nursing & Health Sciences at Post University. Leslie has worked incredibly hard while continuing to serve as a dedicated nursing instructor at Vance-Granville Community College. Her flexibility, commitment, and dedication to continuous growth are truly admirable.

We are proud of Leslie's accomplishment and grateful for the impact she continues to make on our students and the nursing program. 🎉
